Sir,

Sub: Industries - Sericulture - Government Silk Filature Kollegal - Manual stock verification 1946-47 - Unserviceable stores - Disposal of loss write off - Proposals.

The Annual stock verification of silk, cocoons, silk waste and other materials in the Government Silk Filature, Kollegal for the year 1946-47 was conducted by the Sericultural Expert Kollegal during the last week of April 1947, when the articles detailed in the appended statement were reported to be unserviceable. These articles were also examined by the Industrial Engineer during his recent visit to Kollegal and he has also certified that they were all unserviceable. The Sericultural Expert, Government Silk Filature was then permitted to dispose off the articles in public auction. The value of the articles, auction realisation and the net loss as reported by the Sericultural Expert, Government Silk Filature have been noted in the statement. The articles under items 1 to 24 were actually auctioned while those under items 25 to 32 were allowed to be taken for the use of the workshops at a normal value of Rs.2/- for making gardening knives etc. I request that Government may be pleased to sanction write off of a loss of Rs.2994-2-11 on account of unserviceability of the stores due to proper wear and tear in the Government Silk Filature Kollegal during 1946-47.
